Dear Ms. Baughman,

Enclosed please find an update to the Administrative Record files for the Shieldalloy Corporation Superfund site. This update is specifically for the Record of Decision (ROD) Amendment for Operable Unit 1 (OU1). This CD contains all of the files you previously received last July as well as the recently signed Record of Decision Amendment for the OU1. There is a hard copy index of documents as well as a hyperlinked Excel format index on the CD. You should discard the previous index and CD for OU1. Please insert this hard copy index of documents and CD into the Administrative Record binder that contains the Administrative Record for Operable Unit 2 (OU2) that was sent to the library on June 26, 2014. Please make these documents available for public review and treat them as a non-circulating reference – not to be removed from your facility.

The Administrative Record for the Shieldalloy Corporation Superfund site can be found online at: <http://semspub.epa.gov/src/collection/02/AR63701>.

If you have any questions, please call me at (212) 637-4355 or Sherrel Henry, the Project Manager, at (212) 637-4273. If at any time you can no longer maintain the Administrative Record at your facility, please call us and we will arrange to have it removed.

Thank you for your help.

Sincerely yours,

A handwritten signature in cursive script that reads "Melinda Morgan".
